| Addendum No. | 2 |
| Addendum Issue Date: | February 27, 2026 |

1) Monthly Inspections and Treatments

Conduct inspections and apply treatments monthly to deter and control mice, rats, ants, ~~bed bugs~~, bees, wasps, biting midges, cockroaches, flies, ~~hee~~, millipedes, mosquitoes, rodents, termites, and ticks.

2) On Call Response

Respond promptly to requests from Waccamaw EOC Head Start staff for immediate treatment and eradication if any of the aforementioned pests ~~or bed bugs~~ are found inside the buildings between scheduled visits.

3) Termite Control (Annually)

Install and maintain termite bait stations spaced around the perimeter of each building. Should active termites be detected, the Contractor shall immediately treat the entire ~~affected areas of the~~ building.

4) On Call Spot Treatments

Respond as needed to spot treat active fire ants, ant hills, ~~or any other critters~~ or any other rodents, pests, etc. physically seen on, or active within, the playground areas.
